DETAILED ACTION

Allowable Subject Matter

1. **Claims 3-5, 13 and 15** are allowed.

The following is an examiner's statement of reasons for allowance:

With regard to claims 3 and 13: These claims are allowable over the prior art of record because the latter, either alone or in combination, does not disclose nor render obvious a notch in a first edge of the movable microstructure extending in a Y direction, a second edge extending in an X direction wherein the X and Y directions are perpendicular to each other, a third edge, and fourth edge extending parallel to the X direction wherein the optical signal enters the first set of paths at the fourth edge and the gap is located adjacent to the fourth edge or the notch, in combination with the rest of the claimed limitations.

With regard to claims 4-5 and 15: These claims are allowable over the prior art of record because they depend from allowed claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
